

# Connor Harris

connorharris427@gmail.com | connorharris.dev | github.com/TheDevConnor

## PROJECTS

### LUMA PROGRAMMING LANGUAGE | COMPILER / LANGUAGE

Ongoing | Self-Hosted | Luma, C

- Designing and actively developing a statically typed, compiled systems programming language with a self-hosted compiler.
- Implemented compiler infrastructure for lexical analysis, parsing, type checking, and C code generation.
- Developed ownership analysis and memory safety features for detecting use-after-free, double-free, and memory leaks at compile time.
- Built Lumix, a build system written in Luma for dependency scanning, project configuration, compilation, and testing.

### CHESS ENGINE | AI / ALGORITHMS

Python | GitHub

- Built a chess engine with move generation, board evaluation, and automated move selection.
- Implemented minimax search with optimized board evaluation for improved move selection.

## EXPERIENCE

### LINE COOK & KITCHEN STAFF | VARIOUS RESTAURANTS

Nov 2021 – Present | Florida

- Worked effectively in fast-paced, high-pressure environments while maintaining accuracy and consistency.
- Coordinated with team members during high-volume service while managing multiple tasks simultaneously.
- Developed strong time management, communication, and teamwork skills in demanding environments.

## EDUCATION

### FLORIDA POLYTECHNIC

BACHELOR OF SCIENCE IN  
COMPUTER SCIENCE

May 2028 | Polk County, FL

### INDIAN RIVER STATE COLLEGE

ASSOCIATE OF ARTS IN ENGINEERING  
Fort Pierce, FL

## SKILLS

### PROGRAMMING

C • C++

Python • Zig

Luma • x86 Assembly

### SYSTEMS & TOOLS

LLVM • Git

CMake • Make

Ninja • GDB

Linux • UNIX

Meson

### WEB

HTML • CSS

JavaScript

### FOCUS AREAS

Compiler Design

Language Design

Systems Programming

Lexical Analysis

Parsing

Type Systems

Code Generation
